

Madison Dean

Milton, WA | (253) 882-6154 | MadisonDean5534@gmail.com | github.com/AgentDeath532

SUMMARY

Hardworking, reliable team member with 3+ years in fast-paced operations, including overnight shift management, plus hands-on experience running a hosting company as its sole director. Comfortable leading teams, training new staff, solving technical problems, and keeping things running under pressure.

EXPERIENCE

Amazon (SWA4) — Federal Way, WA

April 2026 – Present

Warehouse Associate

- Picked, packed, and stowed inventory accurately while meeting rate and quality targets
- Operated VNA (very narrow aisle) equipment safely in high-density storage areas
- Sorted packages into delivery routes to keep outbound shipments on schedule
- Resolved inbound and outbound shipping problems (IBPS/OBPS), such as damaged, mislabeled, or missing items
- Performed ID verification at site exit, identifying invalid or fraudulent IDs as part of Asset Protection & Loss Prevention procedures
- Volunteer with local schools through Amazon's employee volunteering program

Scale Hosting Limited

January 2026 – Present

Founder & Sole Director

- Founded and run a free-forever hosting platform for Minecraft servers and Discord bots, built on Pterodactyl
- Built Warden, an in-house anti-abuse system using device fingerprinting, proxy/VPN detection, and hardened container images
- Developed internal tools and a Discord bot in Node.js / discord.js v14, and am leading a rewrite of Paymenter (PHP/Laravel, MariaDB) for company billing
- Recruited and managed a volunteer support and moderation team, and handled customer support

McDonald's

October 2023 – April 2026

Overnight Shift Manager (previously Crew Trainer, Crew Member)

- Promoted twice in 12 months, from crew to trainer to overnight manager
- Ran overnight operations, including staffing, cash handling, food safety, and opening/closing procedures
- Trained new crew members on stations, speed, and food safety standards

Myridax Cloud (later rebranded Flux Hosting)

February 2024 – August 2024

Public Relations & Management

- Managed public communications and announcements for a hosting company, including the rebrand to Flux Hosting
- Helped lead company operations and coordinate staff as part of the management team

Hosting Support Roles

2021 – 2022

FalixNodes (Support Volunteer, 2021–2022), Wispybyte / PylexNodes (Support Volunteer)

- Provided technical support for game server and hosting customers
- Troubleshoot server issues and helped users with setup and configuration
